Is this course for you?

If you, as a manager or operator, find it increasingly difficult to keep track of the changes to the legal environment, what the legal compliance requirements are, and how to interpret and translate them into operational requirements, this course is for you.

COURSE CONTENT

The following modules will be covered:

- Introduction to mining and environmental law;
- The prospecting or exploration phase of mining;
- Establishing and operating the mine;
- Establishing and operating the mine: Other applicable legislation;
- Decommissioning and closure; and
- Ancillary considerations.

ADMISSION CRITERIA

A Grade 12 certificate and preferably also:

- Relevant tertiary education in a field of environmental management; or
- Basic knowledge of and relevant experience in a field of environmental management.

PROPOSED NQF LEVEL: 6
